

Public or private?

Primary Worksheet

YOUR DATA MATTERS

Your friend, Bilal, has downloaded a new social media app, Pix, and is going to make an account.

His mum has advised him to make his account private, not public.

But Bilal isn't sure because if his account is public then people can share his posts more easily.

Can you give Bilal three possible risks of having a public profile?

!

Potential risk 1

!

Potential risk 2
